Go to **Inquiry > Container Movement > CT Damage Photo**. You can see the details of **container listing** as below.

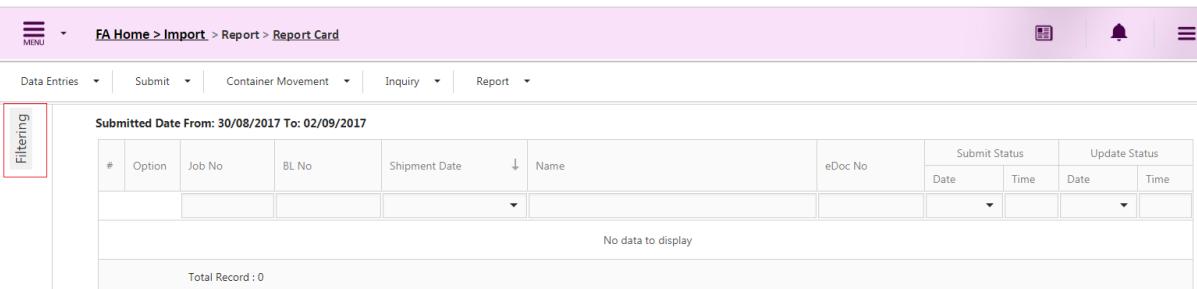

The screenshot shows a web-based application interface for querying container movement data. At the top, there's a navigation bar with links: FA Home > Import > Inquiry > CT Upload Photo. Below the navigation are several dropdown menus: Data Entries, Submit, Container Movement, Inquiry, and Report. A filtering section allows setting a date range from 01/09/2016 to 20/09/2017 and includes a search bar with 'Search' and 'Clear' buttons. The main area displays a table with columns: #, Container No, ROT No, BL No, SCN_No, Haulier, and MT Return Date (with Date and Time dropdowns). Below the table, a message says 'No data to display'. At the bottom, it shows 'Total Record : 0' and 'No data to paginate' with left and right arrows.
