Chapter 1 Getting Started

1.1 Before you begin

This guide assumes that the resources you need to access the system are available and that you are familiar with how to use them. If you are not sure whether your system meets the requirements or how to use required third-party tools, seek for your manager or system administrator.

1.1.1 Technical Requirement

Before you begin using the system, ensure that you have the appropriate software installed and configured on your system. All you will need is :

- ✓ *A current Web Browser running on your computer.*

*Port Klang*Net System* has been tested with and supports a variety of browsers. The following browsers are acceptable for use with *Port Klang*Net System*.

- Chrome version 30 and higher - www.google.com/chrome/
- Microsoft Internet Explorer version 8.0 and higher - www.microsoft.com/ie
- Microsoft Edge browser version 20 and higher - <https://www.microsoft.com/en-ca/windows/microsoft-edge>

*You will encounter problems if you try to access **Port Klang*Net System** using older or unsupported web browsers. If you are unsure about which web browser version you are using, click Help > About or similar options on the menu bar in your browser. The version number will be displayed.*

For the very best results, use the current release of Chrome

Both JavaScript and cookies support must be enabled in the security settings of your browser and is usually turned on by default.

If you encounter problems accessing the system, check your browser configuration to ensure both JavaScript support and cookies support are enabled.

(See *Tools > Internet Options > Privacy and Security* tabs in Internet Explorer, or *Tools > Options > Privacy and Web Features* tabs in Firefox.)

- ✓ *Internet access to the URL of **Port Klang*Net System**. Your system or network administrator will be able to provide you with an Internet address (URL) from which the system can be accessed.*

1.1.2 Web Browser

*Port Klang*Net System* dynamically creates the HTML screens displayed by the web browser when you click certain buttons.

Using  and  buttons can cause problems displaying these dynamically generated pages. For this reason, we do not recommend using these controls on your browser when operating *Port Klang*Net System*.

*Port Klang*Net System* is designed for a minimum 1024x768-pixel screen display resolution, with a 1280x768 or greater screen size preferred.

1.1.3 Login Information

To login into *Port Klang*Net System*, you must have an authorized User Id and Password. If you have not yet received your login information, contact your System Administrator as you will need to be added into authorized user before you can access *Port Klang*Net System*.

*Do not share your login information with anyone. **Port Klang*Net System** provide system access id and module access right according to job responsibility.*

1.2 Accessing *Port Klang*Net System*

To access *Port Klang*Net System* type the URL <http://www.my1port.com> into your web browser's address bar. You should see a **Port Klang* Net Home** screen similar to the one shown in *Figure 1*
